

# Gosh O' Friday

we are here!

Tigers end a 3-year playoff drought with a third place district seed

The fans rolled out of their heated cars with blankets in hand. Prepared for the below freezing weather, the cheerleaders were dressed from head to toe in their warm cheer gear and the band was bundled in silly hats, fingerless gloves and hand warmers.

"The crowd wasn't as cheerful because they were under their blankets with hot chocolate in their hands," Colby Jaeger, 10th, said. Despite the cold, the crowd traveled to Lago Vista to support the Tigers as they battled Johnson City in their first playoff game in three years.

After a couple of plays, the Tigers warmed up and scored a touchdown. Although the touchdown wasn't enough to win the game, their 6-5 record showed the turn around from last year's season.

"Everyone's work ethic had changed. The new coaches made us feel like we had a chance so we went out there with a gonna-win attitude," Colten Heine, 12th, said.

Coach Cole's saying, "Gosh O' Friday" became the team's unofficial motto.

"It was just a saying I said when I was irritated with the boys or they weren't doing something right," Coach Cole said.

Although some players teased Cole about it, the saying became a humorous motivator to play for another Friday night.

"It's sad knowing I don't get to tackle people anymore, but this season is one I will remember for the rest of my life," Tyler Miles, 12th, said.

## CAN'T TOUCH THIS

Alex Kyner, 12th, breaks the tackle of a Riesel defender during the first district game. "Riesel was the start to proving everyone wrong who did not think we could win. This being my senior year, I wanted to run the ball with determination and lead the team as far as we could go," Alex said. The Tigers beat the Indians 33-21, giving them their 1st of 3 district wins. *Photo by Chelsea Seggern*
