"I enjoy parking here a lot because there is less of a chance of someone bumping into you. By the time we get to school and leave, the traffic is not as busy, so it is easy to get in and out."

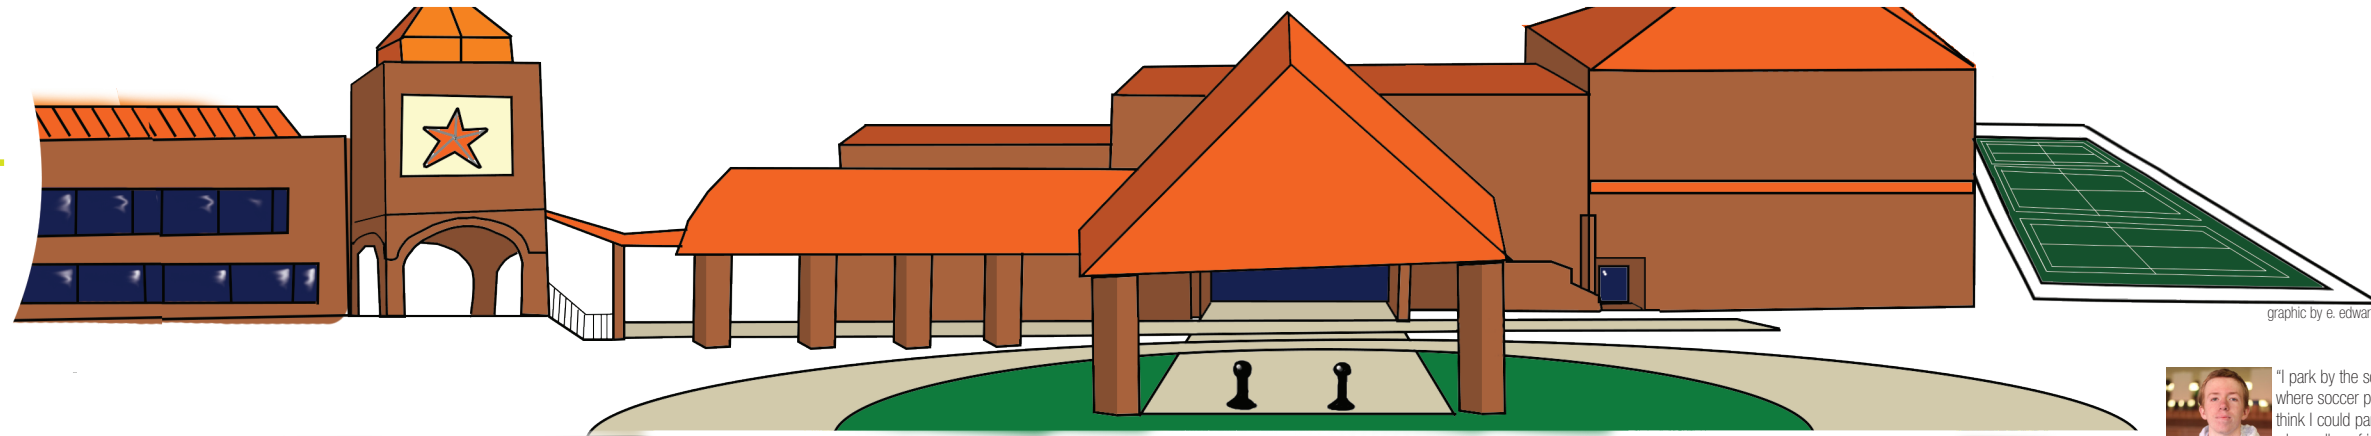

-Conor Diggs, 11

"The swim lot is easier to get out of, and I don't have to fight traffic. We come to school late everyday, and in the other parking lot there would be no parking spots, so our lot has more of a selection."

-Brenna Moore, 12

## Daily Struggle

Parking in a specific spot or general area is important to some students because it shows a lot about them. Most don't park in the same spot everyday, but they do have an area in mind when they pull in, whether it is parking by their friends, in a group or finding the last few spots available.

"My day consists of letting students in and out of school safely and directing traffic. I have students and parents coming in and out constantly, whether they are late or leaving for a doctor's appointment."

-Keith Davis, crossing guard

## baseball

"I park, or try to park, in the front row in the spot on the far side closest to the school. I back in so that way after school I can whip into the line when I see an opening, which usually happens pretty quick."

-JT Morgan, 11

## student council

"My freshman and sophomore year I was friends with a group of upperclassmen, and that's where they parked, so when they graduated we all felt like we were continuing the tradition."

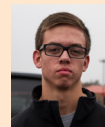

-Kaitlyn Krause, 11

## highsteppers

"I like to park here, but it's not convenient. I have to wait like 20 minutes after school because I always park behind another car and they never leave. There are plenty of open spots. I just like to park on this row."

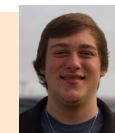

-Colby Gillespie, 11

## trucks

"I park in the back row because all my friends park back there, and it's not easy to get out, but we don't rush to leave we just chill."

-Cole Prince, 11

"I park beside these people, because if anything were to happen to my car or any other car around me, I would know who to talk to and feel comfortable talking to them."

-Corbin Foster, 12

## band

"I like to park here because it's closer to the indoor and the practice field, and when we have to practice at the middle school, I don't have to walk as far."

-Faith Rhone, 12

## boys' soccer

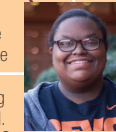

"I park by the soccer boys because that's where soccer people park, and I don't think I could park anywhere else. That's where all my friends are. Originally, when I first got my car, there was this senior I didn't like, so I took his parking spot."

-Patrick Gresham, 11

I park in the same place everyday, because it's really convenient. I get here really early, and leave later than everyone and it's the spot that is closest to where I need to be. I definitely think the parking lot is full of cliques, and I park with band."

-Raven Morris, 12

## girls' soccer

## miscellaneous

"I don't have a specific spot because I'm always cutting it close on time, so I park anywhere that's open."

-Cade Thompson, 10

"I park here because it's pretty convenient to get out from since I have tennis practice till 5, and it's where all my friends park."

-Zack Moore, 10
