

The More The Merrier

New activities at annual
Tiger Day bring excitement

Every year, a two-hour "free day" is held at the end of the Friday before Spring Break. At this event, known as Tiger Day, students enjoy activities and booths run by teachers and staff as well as eat pizza and treats. This year, new activities were introduced to the fun, such as Beat the Dealer, a mechanical Bull Dawg, the Ball Toss, Henna Tattoos, and an entire football field for Human Spheres.

Sixth grader Tyler Rose enjoyed the Human Spheres the most. Human Spheres was one of the most popular activities at Tiger Day this year.

"My favorite activity was Human Spheres because you are rolling around in a ball, and it feels like you are in space," Rose said.

Eighth grader Jay Yoo has had some funny and memorable experiences at Tiger Day in his years at Gorzycki.

"My favorite memory was smashing the confetti eggs on

people and teachers like Mr. Slater," Yoo said.

Seventh grader Jack Franklin liked the karaoke and face painting stations.

"My favorite activity was at the karaoke station because I got to watch my friends sing," Franklin said.

The staff members also work hard every year to make Tiger Day as fun and exciting as possible. They set up booths and directed games and events. Technology teacher Sean Piper worked multiple stations throughout the day.

"I worked Giant Jenga, Ball Toss and the Bean Bag Toss," Piper said. "It was fun seeing all the students enjoy the day together."

Aside from all of the new games and activities, Tigers and teachers have a blast every year at Tiger Day cracking confetti eggs, coloring hair, and just hanging out.
