

JOIN THE GREATEST TEEN DRIVING SAFETY

CELEBRATION

CELEBRATE MY DRIVE® Powered by State Farm® encourages teens to make positive choices as they start driving. We're proud to help them stay safe as they explore the road ahead.

WHY: Crashes are the No. 1 killer of teens. The first year of driving is the most dangerous.

HIGH SCHOOLS AND STUDENTS AGES 14+ will unite their communities to generate support for their school by making safe driving commitments

Like us on facebook.com/CelebrateMyDrive for updates.

Kerr won \$25,000 last year by raising awareness and garnering commitments for safe driving. Come back this fall ready to do more and raise more!

TEENS IN THE DRIVER SEAT® IS HELPING MAKE A DIFFERENCE.

Texas has taken great strides in saving teen lives and Teens in the Driver Seat® is proud to be part of the solution. In Texas, the number of teen drivers involved in fatal crashes has dropped 53 percent and is the only state where fatal crashes involving teen drivers has decreased every year since 2002.

Teens in the Driver Seat® program assessments show risk awareness levels increasing by up to 200 percent.

Cell phone use at Teens in the Driver Seat® program schools has been shown to drop by 30 percent, and seat belt use has gone up by over 14 percent.

More than 500 schools now have implemented Teens in the Driver Seat® programs, reaching more than 500,000 teens per year.

The impressive growth of Teens in the Driver Seat®, coupled with the rapid growth of social networking among teens, creates the potential for a "safety culture" among young people and the prospect of saving hundreds of lives each year.

Online Teen Drivers Education
