

**Character Day**

Tuesday, Sept. 23, **Janvi Pandya, Paige Crocker, Charlotte Doughty, Caroline Craft, McKenna Compton** and **Libby Lorenz** imitate the Netflix show "Orange is the New Black." "Caroline came up with the costume because she saw someone else do it on Instagram," Lorenz said. "We bought the scrubs from Walmart, and my pregnant stomach was just two jackets stuffed under my shirt. I expected to get weird looks from people, but no one acted any differently around me." c. # COSTUMES ARE THE NEW UNIFORMS

themed days bring out Cardinal pride

"For Twin Day, **Richard Goldman** and I teamed up in our costumes. We wore bright, neon tank tops with khaki shorts because that was all we could find that matched. We wanted to be the biggest bros on campus."

**Sandesh Karki**

"I dressed as a Pokemon trainer, and **Izzy Gambino** was Gloomy Bear because she wanted an excuse to wear a kigurumis (a onesie). We dressed up because we were complete nerds and wanted to express our nerdiness."
