Dream Chasers

all sports advance to playoffs

We are all familiar with **Coach Ron Boyett's** three daily motivational tweets. However, there was one that stood out to us all. He tweeted, "In the past 10 years, only 7 of the 1393 UIL schools (1A-6A) have been to the Final Four in Football, Basketball, and Baseball... WOHS is one of the salty 7. #WeDoltAll" Not only did the athletes from those three sports prove the worth of that statement this year, so did the entire athletic program. All thirteen sports, as well as fishing, advanced to the "playoffs," some even going all the way to the State level.

"Success in the athletics program at White Oak High School can be summed up in two phrases: high expectations and a strong work ethic," athletic director, **Coach Kris Iske** said. "The whole community--parents, former graduates, students, coaches, student athletes--has these expectations. At every contest, our athletes walk onto the field/court/track expecting to leave victorious, and they have the support of the whole community behind them. Come to any contest throughout any season, and you will see that community cheering on their team and expecting a victory. But, our athletes know that attitude is not enough to win; they must work for it. From team practices to summer workouts to individual training--you see Roughnecks and Ladynecks working hard--pushing themselves to become better and better."

"Winning is not just accidental at WOHS--we have the attitude and the work ethic to make it happen."

-Kris Iske
