

When it's not Monday through Friday from 8:15-3:30, you get a break from classes. You pursue your own interests in your own time. It's WHAT HAPPENS WHEN **class is out.**

In sixth grade, you learn the ropes through Gorzycki 101. In seventh, you fact-find to complete your iSearch. And in eighth, you cram for Instant Word Power. Every year you build on your learning. It's WHAT HAPPENS WHEN **hard work pays off.**

We train with our teammates to defend our seventh straight girls' soccer championship and bounce back from losing our first few games in football. We push through and work together to take the victory. It's WHAT HAPPENS WHEN **talent comes together.**

New clubs form that spark our interest, and let us be ourselves. We work individually and as a group to better the campus or put on the school musical. It's WHAT HAPPENS WHEN **we go the extra mile.**

We see each other in the halls, learn together in class, and compete on the field. We're all connected by our time as students here, but we have differences that make us who we are. It's WHAT HAPPENS WHEN **everyone's a tiger.**

It's **WHAT HAPPENED WHEN** the sixth graders prepared to move to the middle, seventh up to the top and the eighth graders start a new chapter in their lives.

Whether you're saying good-bye as an eighth grader or continuing here next year, the cycle never stops. It's **WHAT HAPPENED WHEN** 1,346 kids were here together. Every joy, every frustration, every minute: it's all part of **WHAT HAPPENED WHEN** you were here as a Gorzycki Tiger.

We'll keep these memories we've made, and the lessons we've learned, but we wrap up this year. From here on, our focus is on

**WHAT  
HAPPENS  
NEXT.**
