

**TIME TO SHINE**

In uniform, junior lieutenant Abigail Turechek twirls her baton while performing at the halftime show against Denton Guyer. The Tallenettes prepared a weekly routine to dazzle the thousands of fans. "I love football games, Turechek said. "Nothing beats spending time with my best friends while cheering on the Allen Eagles."

# THE ALLEN WAY

**A**fter roaming the crowded halls or attending a Friday night football game, it is evident that **ALLEN** High School is simply like none other in the nation. Nationally famous for our impressive infrastructures and “whip” video, we continue to stay on top of Twitter feeds and newspaper headlines. Only in **ALLEN** would you see hundreds of people tailgating in tents and RVs hours before football games, or see thousands of people marching around town with the biggest band in the nation like a festive parade. Many of our activities have involved the community and have kept the town dedicated to watching us thrive as a school. Our school spirit has spread throughout the city making it not a college town, but a high school town. Our high school memories will include roller coaster rides at football games and “Pop Goes the Weasel” at pep rallies. These are the things that make The **ALLEN** Way so unique. As students we are thrilled to be a part of and contribute to The **ALLEN** Way, which is the best and grandest way of achieving excellence through school spirit and commitment.
