

80  
 8th **IT** "I have skipped a couple of classes before to work on a project that was due later in the day so my project would look better and not rushed." -Blaine Cline, 10

david  
**SANGALLI**

"I've taken so many bathroom breaks each week that I've watched two whole seasons of 'Vikings' at school."

You have made it and  
 we are so proud of you!  
 You have been a blessing  
 in our lives and we pray  
 that all your dreams come true.

We love you!  
 Mom, Dad,  
 Jordan and Makenzie

"I look forward to calculus because it is the only class that pushes me to my limits, and I enjoy being with people who are on the same level as me." -Elijah Lovett, 11

kaitlyn  
**KRAUSE**

"I love the person I have become because I fought to become her."

"You are my sunshine."  
 One of our greatest joys has been  
 watching you grow into  
 the person you are now.  
 We are so proud of you  
 and can't wait to  
 see what your future holds.

Love,  
 Dad, Mom and TJ

**UIL**

"I compete primarily in  
**Computer Science**, which  
 involves interpreting code  
 written in Java and writing  
 programs to perform given  
 tasks. I really enjoy **having the  
 opportunity** to do something  
 else with my high school  
 career. I already do band, but  
 I felt like I just wanted to do  
 something else instead of just  
 classes. With **UIL**, I'm able to  
 learn about a topic that I am  
 interested in. I don't have to  
 deal with any **time restrictions**  
 if I want to look further into a  
 specific topic."

-Brandon Head, 12
