REYNOLDS ALLEN COMITA

Sad Seniors What's the Worst?

"The worst part of senior year is knowing that I'm going to lose contact with a lot of friends when I leave for college, as well as leaving behind all the teachers and coaches that I have gotten to know over the past four years of high school. The experience of getting to know new people is always hard," Jakob Hall (12) said.

"The worst part of senior year is getting ready to head off to college and having to prepare for the lifestyle of having to make new friends, adjusting to a new class schedule and spending time away from home. I feel excited yet nervous to be attending another four years of school," Victor Matos (12) said.
