**JANUARY 2010**  
Construction engineers break ground on what will be the new freshman center. With a price tag of \$2 million, the 14,470 square foot building, which towers over the English wing, includes 10 regular classrooms and two science labs. It accommodates 407 students. It opened for the first time on Jan. 4. Currently, it is the home for the campus' early college.

**IN THE MOMENT**

"Ease my Mind" by Skrillex blaring in the background, senior Luciano Madrigal dances at the talent show March 4. "I didn't know what I was going to dance to," he said. "I put my phone on a play list and let it pick a random song. I was surprised that I won because I thought other people were more worthy of winning." Madrigal also danced in the talent show his freshman year.

genesis barraza

**STAND OUT**

Riled up for the upcoming football game, freshmen Michael Amé-zaga, David Herrera, Adan Ponce and Brandon Maldonado show how proud they are to be part of the class of 2019. "We don't have much school spirit here at Burges, but I show mine in any way I can," Amé-zaga said. "Our class president [Lailani Chehede] asked who wanted to hold the signs, and I did. I also gave them to the guys sitting next to me and since we're all in sports, showing spirit came easily. Our generation goes to the pep rallies just to get out of class, but the sooner we catch on to the tradition, the sooner our class can be the most excited at pep rallies."

**alumnus moment**

“Burges has always demanded excellence from its students and teachers in everything we do and the standards we set. I am proud to say that legacy and tradition still holds true.”
