"I liked going up to bat knowing I have a clean slate and that you always have another chance to hit the ball. Every time I would go up to bat I would spin my bat and get in my zone," Karasek said. **B**eing at the state tournament two years in a row, the softball team knew they had to step up to the plate if they wanted to be back where they were last year. The team had many upcoming freshmen.

"My favorite part about this season is that I was able to be apart of a great team and having that experience with everyone. It's scary at first but once I got to know everyone it gets better," freshman **Kaitlyn Sulak** said.

The softball girls had many ups and downs to their season, but managed to fight through.

"We expected the new upcoming pitcher to strive for victory and give 100%. And that is exactly what she did," sophomore **Maycie Atteberry** said. "The season was tough, but my team was always there to back me up when I needed them,"

Atteberry said. Injuries hampered some, but they remained a vital part of the team.

"Although I wasn't able to compete this season, I enjoyed cheering my teammates on and watching them grow on and off the field," junior **Monica Reyna** said.

The Brahmarettes finished 3rd in district with 9 wins and 3 losses.

"Our season did not go as we wanted, but I had a good time teaching and showing the underclassmen the ropes to softball," senior **Corrina Navarro** said.

With the season over, teammates look forward to next year.

"I was completely devastated when we lost our playoff game, but I am looking forward to my last year with the new players and the season we will have," junior **Adrianna Navarro** said.
