Season in a Word

Pressure Time

Although nervous going in, Abraham Nevarez advanced to round two in the three point contest at Pflugerville Middle School.

"I saw I was going against a player from O'Henry and I didn't know how the other player would compete, but I knew that I had to try my best. We were shooting and I began to get into a rhythm and became comfortable shooting. I looked over at him with the last ball and saw I was winning. As soon as time ran out I got really hyped. Although it was just for fun I was proud winning."
